

To Elect County Education Boards

Residents of every county in the State, outside cities having their own school systems, will vote in November for members of non-partisan County Boards of Education, which system is designed to revolutionize rural school administration. The board in each county will be composed of five members from the county at large and next year will appoint a County School Superintendent, this office being removed from politics. The trustees, two of whom serve for one year, one for two years, one for three years and one for four years, are to be elected on a separate ballot containing no party devices. The candidates are nominated by petition, which must be signed by fifty county residents and filed with the County Clerk on or before October 18, at least fifteen days before election. Only those residing in rural school districts are eligible to serve or to vote.

Under the new law the county Boards of Education will have wide discretion in choosing County Superintendents, whose minimum salary will be \$1,200. They may employ anyone who is qualified, regardless of his residence. County superintendents who desire to continue in office next year are reported busy getting signatures to petitions for their slates.

Cleveland Lands Fourth Victory

The Cleveland Indians came within reaching distance of the baseball championship of championships yesterday when they shut out the Brooklyn Nationals by a score of 1 to 0 in the sixth game of the world's series.

Another victory in the contest today will clinch the inter-league affair and permit the Cleveland club to fly two banners in the breeze next spring, an epoch-making event in the history of the Cleveland team. With the score four contests to two in favor of this speaker's players, it is conceded by even the most loyal of the Brooklyn fans that nothing but a most remarkable reversal of form upon the part of the Robins can prolong the series more than a game or two.

NOTICE

A dividend of one and one-half per cent (1½) on the par value of each share of Preferred Stock of this company for the quarter ending September 30th, 1920, has been declared payable on or before October 15th, 1920, to Preferred stockholders of record at close of business September 30, 1920.

Kentucky Utilities Company, Inc.

Montgomery Farm Sold

Stokely and Jackson, of Winchester, as agents for Mr. and Mrs. Leeland T. Bush, have sold their farm containing 275 acres located in this county to John L. Faulkner. The price was not made known, but it is known to be a good one. Possession will be given of the property on or about the first of March, 1921, according to the terms of the deal.

Dry Case Review Plea Refused by High Court

The Supreme Court has refused to reconsider its decision of last June 7 sustaining validity of the prohibition amendment and portions of the enforcement act.

The rehearing had been asked in petitions filed by Christian Feigenspan, a brewer, of Newark, N. J., and George C. Dempsey, a wholesale liquor dealer of Boston, Mass.

Rehearing of the Feigenspan case was sought on the ground that the court failed to state the reason for its conclusions in holding the amendment valid, that inadequate time had been allowed for the presentation of the case and that the court's construction of the section of the amendment relating to "concurrent power" made Congress authority practically paramount and nullified the effect intended by the Senate and House.

The Dempsey petition was based on the claim that neither the amendment nor the enforcement act was intended to prohibit the manufacture or sale of beverages containing small quantities of alcohol where such beverages were not in fact intoxicating.

Harding Smoked Out Says George White

George White, chairman of the Democratic National committee, in a statement, declared that "the Democrats have smoked Senator Harding out and he now has made the League of Nations issue in the campaign clear."

"He has apparently scrapped the league and along with it the Lodge reservations," Mr. White's statement added.

"Also frankly, I am amazed at Senator Harding's reiteration in his Omaha speech Thursday of his statement, 'I have a sympathetic feeling for Irish freedom. I voted that way in the United States Senate.'"

"On July 29, 1919, when the Senate was considering the Pittman resolution asking clemency from Great Britain toward Irish political prisoners, arding voted against it. On November 18, 1919, he voted against a reservation for Irish self-determination. On March 18, 1920, he voted against the Gerry resolution 'adhering to the principle of self-determination and to the original Senate resolution of sympathy with the aspirations of the Irish people for a government of their own choice.'"

"He did this after voting to lay the resolution on the table and thus failing to emasculate it. On the original resolution of sympathy for Ireland the record discloses that he dodges that vote by absenting himself from the chamber and on every other vote pending to give the consideration to the Irish problem he voted 'no.'"

For a typical back-slitter, watch him, he can ride both back-side and otherwise.

When a man and his wife don't love each other conversation never languishes in summer. She insists the kitchen is the hotter place, and he insists it is his office.

Vice Presidential Candidate to Speak

Governor Calvin S. Coolidge, of Massachusetts, Republican candidate for vice president, will speak in the interest of the party in this city Monday. Other addresses will be made by Governor Edwin P. Morrow, of Kentucky; Governor Sproul, of Pennsylvania; Governor Lowden, of Illinois and the Hon. Richard P. Ernst, candidate for the U. S. Senate. For the first time in its history Mt. Sterling will have the honor of entertaining at one time, four governors. The party will arrive in this city Monday morning at 7:30 o'clock by special train and will proceed at once to the Tabb Theatre, where the speaking will be held. The party will leave this city at 9 o'clock and in spite of the early hour at which the distinguished gentlemen will visit our city a tremendous crowd is expected to be on hand to greet them.

Harrison P. Thompson Is Claimed by Death

Colonel Harrison P. Thompson, 74 years old, formerly of Thompson Station, Clark county, died suddenly Friday at El Dorado, Kan., of heart trouble. Colonel Thompson is survived by his wife and two daughters, Miss Anna Speck Thompson and Miss Laura Thompson.

Colonel Thompson left Clark county, where he had lived all his life, about seven years ago. He was one of the most prominent farmers of the county, a breeder of Short-horn cattle, and a grower and dealer in tobacco, on a large scale. The Thompson home was known as a center of hospitality.

Colonel Thompson was born in Clark county. He was educated at Bethany College, Virginia, attending that institution from 1863 to 1865, while Alexander Campbell was there. His father, Harrison Thompson, was a son of Matthew Thompson, pioneer settler of Clark county, the head of a large prominent family of Central Kentucky.

Miss Laura Clay to Speak Here Friday

Miss Laura Clay, of Lexington, will make an address at the Woman's History club rooms in this city Friday afternoon at 2:30 o'clock. Miss Clay's subject will be "Citizenship." She is a speaker of national reputation, is a gifted orator and Mt. Sterling people are fortunate in having the privilege of hearing her.

MRS. JOHNSON HOME

Mrs. Thomas Johnson, who has been under treatment for a fractured hip at the Good Samaritan Hospital, Lexington, for some time, was removed to her home in this city Saturday. Mrs. Johnson stood the trip well and is resting comfortably. Her condition is greatly improved, which will be good news to her many friends.

MR. HUNT HURT

Mr. George Hunt, a prominent Clark county farmer, is ill at his home on the Ironworks pike, and shows no signs of improvement. His many friends hope that he will soon take a turn for the better. Mr. Hunt is a brother of the late S. P. Hunt, of this city, and has many relatives in Montgomery county.

Most of the matrimonial troubles are charged up to whiskey and other women. But the truth of the matter is that selfishness is at the bottom of most divorce cases.

Scalding tears are shed when a woman "boils over with rage."

Serious Shooting At Nicholasville

In a difficulty at Nicholasville last Thursday evening between Wm. H. and Arthur C. Denman, proprietors of the clothing firm of Denman Bros., and Prof. T. B. Threlkeld, a well known educator of that city, and his son, W. L. Threlkeld, in which the elder Threlkeld shot and wounded Arthur Denman and W. H. Denman was badly beaten up in a fistie encounter with Logan Threlkeld. The trouble arose over some of the young boys of the Threlkeld Select School attempting to sell the Denman Bros. season football tickets. The boys reported they were not received very cordially and Prof. Threlkeld took the matter up with the Denmans over the phone, and hot words are said to have passed. Young Threlkeld immediately left for the store and his father followed. What took place when the men met is unknown, but the fight began soon afterward with the above result. Arthur Denman was shot in the abdomen and is said to have about an even chance for recovery. The Threlkelds gave themselves up and were released on bond. The shooting is of much concern in Mt. Sterling, Prof. Threlkeld being a brother of Mrs. N. H. Trimble, and is widely known here and highly regarded. The Denman brothers also have acquaintances here.

Rose Trial Set For Wednesday

The body of E. L. March, who was shot and killed at his home in Lexington last week by Constable Rose was buried Sunday in the Lexington cemetery.

"We are not ready to make a statement," said Attorney W. C. G. Hobbs, one of Constable Rose's counsel, when asked if he cared to say anything on behalf of Mr. Rose. The constable has been advised not to talk. In addition to Mr. Hobbs, Attorney Harry B. Miller has been engaged by the defense.

Rose, who was indicted by the grand jury Friday afternoon on a charge of murder, will be tried in circuit court Wednesday.

"The defense will be ready and will insist that the case be tried then," said Attorney Hobbs. Constable Rose is at present at liberty in \$5,000 bond, furnished by Alex Rose, his brother.

MISSION CLOSSES

The series of lectures given at the St. Patrick's church for the past week by the Paulist Father, Rev. A. R. Miller, came to a close Sunday night.

The subjects of Rev. Miller's lectures were on the most vital questions concerning the Catholic belief and practice and were free from all controversy. The lectures were highly interesting and instructive and were attended by both Catholics and Protestants.

411 ACRE FARM FOR SALE

In Shelby county, 10 miles from Shelbyville, and three miles from Waddy, a live business and railroad town. 100 acres in rich woodland, and balance in high state of cultivation. Has a good tenant house and barns sufficient to house stock and a large acreage of tobacco. Is three miles from depot, good schools and churches. The price is right and terms will be made to suit buyer. For further particulars apply at this office. 102-t-t

Somehow or other a girl never discovers until after she has married him that a man rests his chin on his plate when he is feeding his face.

Keep Faith With Our Dead Heroes

"I promise you formal and effective peace just as soon as a Republican Congress can pass its declaration for a Republican president to sign."

"This is simply a bid for the disloyal pro-German anti-American vote that favors a separate peace. This vote Senator Harding will get, but he deserves to lose the vote of every red-blooded loyal American citizen."

"One of the men who has a wooden cross in Flanders for a monument sent this challenge to you and to me just before he went down to his death:

'To you from failing hands we throw

The Torch; be yours to hold it high!

If you break faith with us who die,

We shall not sleep, though poppies grow

In Flanders fields.'

"Are you, as an individual, going to break the faith? On the second day of November, in the secrecy of the voting booth and in the presence of God and your own conscience, you will answer that question. Your part in the solemn referendum will then be played. In the name of 81,000 Americans who gave their lives for a better world, may your voice be added to the call of humanity, justice and peace!"—Speech of Capt. Thos. G. Chamberlain, formerly of the A. E. F., Rochester, September 23.

Wedding of Interest

A wedding of much interest was that of Elmer Titus Campbell, son of Mr. and Mrs. Wm. R. Campbell, of Lexington, to Miss Mary Gladys Witherspoon, of Nashville, Tenn. The event was one of the most brilliant nuptial affairs of the year in Nashville. A large gathering of Tennessee society folk from many cities witnessed the ceremony, which was performed Wednesday evening at 9 o'clock at the First Presbyterian church. Mr. Campbell's brother, Major Bruce Campbell, was best man. The groom has many relatives here where his father was formerly connected with the old Star Planing Mill Co.

Baptist Annual Banquet

The Baptist annual banquet took place at the church Friday evening from 8 to 11 o'clock. Prof. John L. Hill, of Georgetown, was the principal speaker. Good attendance. Following a most delightful luncheon the members passed in cards showing a per capita increase for the annual budget. The pastor was toastmaster and responses were made by Guy Sandefur, Mrs. L. E. Griggs, Dr. W. R. Thompson and Lewis Mitchell. It was a great time for the members and congregation.

HAVE YOU A BUTTON?

The sidewalk in front of Hombs & Heibel's was blocked yesterday from 3 to 5 o'clock by school children and grown ups too, everybody scrambling to be the first one to get a lucky button.

The novel advertising scheme is to give away twenty-five hundred buttons numbered serially from one to twenty-five hundred in which there is a number of duplicate buttons. The lucky persons whose numbers correspond go to the store and each receives two dollars in cash. Twelve miniature Ever-sharp silver pencils are to be given away every Saturday during the button hunting contest, which lasts eight weeks.

The saddest words of tongue or pen are these: "Will things come down again?"

Older Boys' Conference To Be Held Here Soon

The superintendents and principals of the high schools of the Paris Y. M. C. A. district, which embraces Harrison, Morgan, Mason, Fleming, Nicholas, Bath, Bourbon and Montgomery counties, held a meeting in Lexington Saturday, preceded by a luncheon at the Phoenix Hotel. Among other business disposed of it was decided to hold the annual older boys' conference in this city on December 3, 4 and 5. Prof. H. A. Babb, Prof. M. J. Goodwin and Prof. M. J. Cox, of this city, were in attendance at the meeting.

Engagement Announced

The following announcements, handsomely engraved, have been received by friends here:

Mr. Harry Eoff Marsh
Mrs. Margaret Woodford See
married

on Wednesday the twenty-ninth of September

Nineteen hundred twenty.

San Francisco, Cal.

Mrs. See is the daughter of Mr. and Mrs. Henry Woodford and was born and reared in this city. She is a member of one of Kentucky's most prominent families and has many friends in the state who will learn with interest of her marriage. Mr. Marsh is a successful business man. The couple will make their home in San Francisco.

PLEGGED TO PHI DELTA THETA

The following from the Union College Press will be of interest to friends here:

Ben R. Turner, Jr., of 20 Holé avenue, Mt. Sterling, Ky., a member of the class of 1924, at Union College, has been pledged to the Phi Delta Theta Fraternity.

MOVE TO NEW HOME

Mrs. W. A. Sutton has moved into her handsome new home on West Main street, which has recently been built, and is one of the most complete and modern in the city.

Something Old and Something New!

One of the greatest trials, apparently, to the average woman who wants to look well, is that of an oily scalp and an oily skin. The two go together. Usually the woman afflicted does not know what is the cause of the oiliness and tries every kind of soap she can think of or that anyone can recommend. The more she washes her hair the more oily it seems to become and she despairs of ever being able to do anything to improve it.

The condition is due to over-active sebaceous glands. The skin appears thick, coarse and shiny and the pores are usually prominent. In another article I shall take up the subject of the hair and scalp treatment. Just now I am going to deal with receipts and remedies for various facial troubles.

In treating an oily skin with enlarged pores the person must continue the treatments daily for several months. Many women do not know this and get discouraged before there is really time for improvement to become noticeable. There should be vigorous massage after the use of hot towels. Any simple

cream should be used providing it contains no wax.

An astringent cream that bleaches and softens some coarse skins is made from the milk of 50 crushed almonds, one pint of rose water and one-half ounce of alum. Strain this through a fine cheese cloth. This can be applied to the face after it is thoroughly clean and free from blackheads.

Here is another remedy for an oily skin:

Rosewater, 45 gr.; sweet almonds, 8 gr.; bitter almonds, 2 gr.; benzoate of soda, 1-4 gr.

And for a coarse skin this is recommended:

Pulverized camphor, 20 gr.; powdered talcum, 1-2 oz.; oxide of zinc, 2 dr.; starch, 2 dr.

Two good astringent lotions for large pores are as follows:

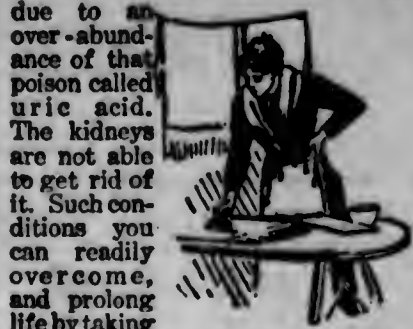

No. 1—Rosewater, 6 oz.; elder flower water, 2 oz.; tinct. benzoin, 1-2 oz.; tannic acid, 10 gr.

No. 2—Alcohol, 12 gr.; tinct. benzoin, 2 gr.; likuid borax, 2 gr.; balsam of Judea, 5 drops.

Many people write to ask if they should try to squeeze blackheads out of their faces. Blackheads are little plugs of sebaceous matter retained in lazy and inactive pores. It is not only difficult and painful, but harmful to try to force them out until the skin has first been thoroughly softened and cleansed by the use of hot towels. In this connection an especially good cleansing lotion is

OH, DEAR! MY BACK!

Merciful Heavens, how my back hurts in the morning! It's all due to an over-abundance of that poison called uric acid.

The kidneys are not able to get rid of it. Such conditions you can readily overcome, and prolong life by taking "Anurie" (anti-uric acid). This can be obtained at almost any drug store, in tablet form.

When your kidneys get sluggish and clog, you suffer from backache, sick-headache, dizzy spells, or twinges and pains of lumbago, rheumatism or gout; or sleep is disturbed two or three times a night, get Dr. Pierce's Anurie, it will put new life into your kidneys and your entire system. Send Dr. Pierce's Invalids' Hotel, Buffalo, N. Y., ten cents for trial package.

MARY, TENN.—"Dr. Pierce's Anurie is the best medicine for the kidneys and for backache that I have ever taken. For some time my kidneys have been giving me a lot of trouble. I suffered with backaches and rheumatism in my joints and limbs causing me a lot of misery. On learning of the 'Anurie Tablets' I began their use and they have given me real relief when all other kidney medicines failed to help."

"I am glad to recommend 'Anurie' to others who suffer with this ailment."—Mrs. E. C. Wilson, 660 N. Sixth St.

made from the following prescription:

Acetone, 4 dr.; water, 8 oz.; boracic acid, 2 dr.; alcohol, 5 dr.; alum, 20 gr.

If the pores remain large after the blackheads have been removed, an astringent lotion can be prepared from the following:

Sulphate of zinc, 1 dr.; sulphuret

Women never regret buying Mabley & Carew apparel

Smart apparel for women and misses appealing to folks of taste and refinement.

—Gowns for formal affairs.

—Dress for tea at home.

OHIO

Certain-teed Roofing is Spark-Proof

Certain-teed will protect your property against fires due to sparks dropping on the roof from passing engines. It also helps to prevent fires spreading from building to building by means of sparks and burning embers.

Where fires have started in other parts of the building, Certain-teed Roofs tend to smother them and thereby prevent serious damage to other property.

This type of protection is appreciated by all property owners and particularly by those who are outside of the zone of adequate fire-fighting apparatus.

But Certain-teed Roofing is more than an aid in the prevention of fire. It also protects from rain or snow and is guaranteed for five, ten or fifteen years, according to weight.

It costs less to buy, less to lay and less to maintain than any other type of good roofing.

See a Certain-teed dealer about roofing. If he can't fill your entire order from stock, he can get what you want quickly from a nearby Certain-teed distributing center.

PREWITT & HOWELL

of potash, 1 dr.; rose water, 4 oz. (This mixture should be applied but once daily — apply with absorbent cotton.)

There are some dry, scaly skins that are almost as hard to deal with as those that are oily. This condition is almost always due to a lack of good circulation and the consequent want of fat in the skin. The best remedy is that which comes by way of the stomach. EAT. The food, however, should be very carefully selected, to be as nutritious as possible. Take plenty of outdoor exercise. Two good preparations for a dry skin are as follows:

No. 1—Iodide of potash, 1 dr.; glycerine, 1 dr.; lanolin, 1-2 oz.; neatfoot oil, 1-2 oz.

No. 2—Lanolin, 1 oz.; cocoa butter, 1 oz.; glycerine, 1 oz.; rosewater, 2 oz.

It is quite possible to cleanse the face without water if anyone so desires. It is not necessary, however, if a pure soap is used. A mild solution of glycerine and rosewater is usually soothing after exposure to the sun. Glycerine and witch hazel form a solution equally good. An ounce of sunburn prevention is worth a pound of cure. A delicate cream, like the sweet cream from sour milk or plain cold cream, without wax, rubbed into the skin before going into the sun is the best safeguard. A brunette face powder, dusted over this cream is better than the white powder. Both red and blue veils tend to counteract the piercing rays of the sun.

There is a mixture that leaves a powder upon the skin and acts as a prospective agent. No face powder need be used. The receipt as I have it, is:

Calamine powder, 20 gr.; oxide of zinc, 1-2 dr.; glycerine, 1-2 oz.; lime water, 6 dr.; rosewater, 4 oz.

The powders should be mixed with the glycerine until a paste is formed, and then the lime and rosewater added. Before using the mixture must be well shaken.

For summer freckles equal quantities of peroxide and ammonia, or peroxide and witch hazel, or equal quantities of glycerine and lemon juice will be found effective. Some girls prefer rosewater and ammonia, using half wine-glassful of the rosewater to six drops of ammonia.

These are all favorite receipts of

mine. I have mentioned them before. Judging from the number of inquiries I receive each day they must have been forgotten. One correspondent wants a remedy for a red nose! Think of it! I imagine every woman who reads this statement aloud in the presence of her husband will be interrupted by a surprised exclamation. I can almost hear the words: "Great Scot! Where did she get it?"

Well, I don't know, but she wants to get rid of it quick, and I have recommended twelve drops of glycerine to one-half an ounce of refined chalk. But, remember, that is for a non-alcoholic red nose. No others need apply.

How's This?

We offer One Hundred Dollars Reward for any case of Catarrh that cannot be cured by Hall's Catarrh Medicine.

Hall's Catarrh Medicine has been taken by catarrh sufferers for the past thirty-five years, and has become known as the most reliable remedy for Catarrh. Hall's Catarrh Medicine acts thru the Blood on the mucous surfaces, expelling the Poison from the Blood and healing the diseased portions.

After you have taken Hall's Catarrh Medicine for a short time you will see a great improvement in your general health. Start taking Hall's Catarrh Medicine at once and get rid of catarrh. Send for testimonials free.

Farm Sales SERVICE

Illustrated Advertising and
Sales Bill Printing

Keeping Pace With 1920 Business Methods

Farmers are ordinarily just as up-to-date as any other class of people. There is just one exception. When it comes to advertising farm sales the average farmer is inclined to depend on bills, circulated mostly by hand, or if by mail sending out only a couple of hundred. But newspaper advertising of farm sales is the most up-to-date and effective means of drawing people to farm sales, especially when the newspaper advertising is planned to attract the eyes of the readers like that put out by Mt. Sterling business men. Maybe you cannot do this yourself. But we can, and are at your service.

Planning and publishing newspaper advertising is part of our business. We make a study and specialty of the use of type and illustrations arranged to appeal to our readers. And we are willing to extend this service to farmers who have anything to offer to the public. Remember that automobiles enlarge your territory many times these days. Where people used to come only ten miles or so to a farm sale, they now drive fifty miles. Only by using a newspaper of general circulation can you get the fullest results. If by a full page ad in the Mt. Sterling Advocate you bring only one or two bidders from a distance you will be amply paid for the expense.

Let Us Plan and Print Your Farm Sale Publicity

We call attention to the illustrations on this page, which we have on hand to make farm sale advertising attractive and business pulling. Besides these cuts here shown, we have many others—in fact, we have cuts of all the leading popular varieties of stock that can be effectively used in farm sale advertising. We charge you nothing for the service—it is absolutely FREE.

PRICES REASONABLE

Consistent With Good
Work and Service

In Iowa and Southern Minnesota newspaper advertising has almost entirely displaced the old styles of advertising farm sales by bills. Most of the farmers having sales use full page space such as this, and draw bigger crowds than ever known before. The Mt. Sterling Advocate is an ideal medium for this class of advertising, with a circulation in every township of Montgomery county, and read by nearly all farmers.

FOR PRESIDENT JAMES M. COX

FOR VICE PRESIDENT FRANKLIN D. ROOSEVELT

FOR UNITED STATES SENATOR J. C. W. BECKHAM

FOR CONGRESSMAN WM. J. FIELDS

FOR CIRCUIT JUDGE H. R. PREWITT

HERE IS ARTICLE X.

Article 10, which The Advocate reprints below, was the line on which the partisan political forces opposed to the league were reformed. At first the cry was "Shantung;" but, this proving insecure footing for demagoguery, it was abandoned in favor of Article 10, which declares:

The members of the League undertake to respect and preserve us against external aggression the territorial integrity and existing political independence of all members of the League in case of any such aggression or in case of any threat or danger of such aggression the Council shall advise upon the means by which this obligation shall be fulfilled.

This wording left the United States free to understand the clause: "and Congress, under the Constitution, shall be the sole judge of the part this nation shall play." Those words are as certainly in the Article as if they were written in, being supplied by the prior provision in the covenant that Council decisions must be unanimous. Since the United States is to be a member of the Council, its representative perforce would have to agree before any decision could be made by that body. That he would agree to military measures without action of Congress is unthinkable. But, suppose that a United States representative went crazy and did this, and that a president went crazy and supported this mad minister; the situation is wholly preserved by the Cox reservation stating that war powers are specifically reserved to Congress. Thus every contingency cited by the critics of Article 10 is provided against. This Article is truly the "heart of the covenant," giving to the League that unity and force without which it will be unable to prevent wars. The war of 1914-1918 was based upon an invasion of territorial integrity; and Colonel Roosevelt declared that the United States should have, at once, taken arms by reason of it. Article 10 does not go anywhere near to such an extreme.

ALL RELIGIOUS BODIES APPROVE LEAGUE OF NATIONS

Whether they be Catholic, Protestant or Baptist churches, every one of them approve the League of Nations as an agreement by which all nations may be kept out of war and as a measure commending the valor of our boys across the seas. Now it does not require a logician to give with precision the attitude of all church members. They are morally and religiously committed by their organizations to the League of Nations, and the only way to obviate is to refuse obedience to the action of the church and cling to partisan politics, so the churches are correct, their parties opposing the League are wrong. You cannot be in full fellowship with any church without lining up for the League of Nations. This applies to all voters. Which will you choose, obedience to church action or to political intrigue?

A CONVENTION MAN

Herbert Parsons could not stand longer with Senator Harding for the reason that he is for the League of Nations and Mr. Harding is not. Mr. Parsons agrees with the president and Governor Cox and hence his announcement and resignation as Republican State and National Executive Committeeman of New York. Mr. Parsons is now working for the election of Governor James M. Cox.

WHERE DID HE GET THIS?

A lady in this city met a little negro boy on the street and asked him if he was going to school. He answered: "No, I have not started yet. I am waiting until Mr. Hardin' and Mr. Ernest is elected, then I am going up to the school with the white children."

The registration in the cities of the state show Kentucky to be decidedly Democratic and we verily believe the November election will demonstrate the fact that our women are thoroughly imbued with Democratic principles and that Kentucky is in line with old time Democratic majorities.

UNCLE SAM

Uncle Sam operates his business on a one-price basis; you seldom get a price concession on postage stamps—you never think of asking for one—neither do our customers. They know that if we start RIGHT and change we will end WRONG and if we start WRONG it is pretty hard to ever get right. You, your neighbor and your neighbor's neighbor, all pay the same FAIR PRICE HERE. Think It Over.—Hombs & Heibel.

The friends of Irish Freedom have become so disgusted with R. P. Ernst's failure to commit himself on Beckham, Ernst's opponent, answered the Irish question that they have ed it at once and without dodging notified him unless he answers them the issue. Fearful of losing votes by Tuesday he need not answer at taking one side or the other Ernst all. The question they addressed has so far refrained from committing him a month ago was "Will you ting himself."

CHAMBER OF COMMERCE COMMENTS

"There's scarcely a Chamber of Commerce in the country which has not been beating on the wrong trail, working on the theory that the only way in which to build up the prosperity of a city is to pull in the industries and add to its population. This theory is almost childishly superficial; it mistakes effect for cause, and is about the shallowest brand of business bunk that has met with common acceptance. On this plan scores of towns have become hospitals for sick industries staggering about on their last legs or being pushed in wheel chairs by local enterprise. The only way to build a city or a town to a size and strength that will last and will permanently command the respect and pride of its citizenship is to develop the whole region from which it draws its nourishment and support. Anything short of that plan is an attempt to lift one's self by one's own boot straps."

—C-of-C—

Are we busy? I'll say we are—a new hotel proposition is being agitated—are you interested? An aero field, with local airplane company and planes, being talked of; the tobacco season, with its usual large crowds, is about on us; the Older Boys' Conference, with about 100 delegates, is scheduled here for December 3-5; the biggest and best thing that we have "pulled off," a Quarterly Meeting of the Chamber of Commerce of Mt. Sterling and Montgomery County, a big get-together meeting with a free feed, good talks (few but interesting), singing and vanderlille are some of the headliners. These are some of the few things we have before us. They all require 10 per cent talk and 90 per cent work. If you cannot do any work you can at least talk, but do not dig up the hammer.

—C-of-C—

The Chamber of Commerce of Mt. Sterling and Montgomery County wish to publicly thank the Sentinel-Democrat and its entire force for the lovely luncheon served us at our meeting on the sixth. Such a dis-

play of public interest cannot but be fruitful, both to the individual and the town as a whole. Thanks, and many of 'em.

—C-of-C—

Capt. W. Beaver, of Lisbon, England, was in Mt. Sterling Saturday and Sunday making flights and carrying passengers. He was most complimentary of our town—so impressed with it that he is returning Saturday to stay over Sunday and Monday, our County Court Day. Captain Beaver has interested a number of our business men in aviation and it is likely a company will be formed here in a short while, our own plane and field. Interested? If so, speak to President Hoffman or Secretary Sharp and they will give you the particulars.

—C-of-C—

Wearing badges is "all the go." Hombs & Heibel, two of the liveliest young men that have hit our city, have made it a pleasure to wear one—each badge has a number and when you find the person with the same number, both go to "the store on the corner" and get \$2 each. In this case a fellow likes to run across the person who has "his number." We have the number of several fellows in the Chamber of Commerce, but we would not want to match up with them.

—C-of-C—

Did you hear the crash? What crash? Oh, when the automobile trip and the style, tobacco and corn show we had planned, fell through. Yes, nothin' doin' along those lines—for a while. It was too progressive an idea and too advanced along advertising lines to get across with some of our merchants. The Monarch Milling Company, by far the best location which could have been secured for such a show—offered both floors of their new warehouse; some sixteen or seventeen of Mt. Sterling's "live wires" had spoken for booths; two or three of them had written into Chicago, Cincinnati and Louisville for up-to-date and attractive displays when "cold water" was thrown on the scheme by others who said they were doing all they could handle and were not sufficiently interested in the growth of Mt. Sterling, as a whole, to take the neces-

sary interest. Inasmuch as such a big thing as this requires 100 per cent enthusiasm we had to pass it up—for the time being. The Chamber of Commerce thanks the Monarch Milling Co., for their generous offer of their building, the Ragan-Gay Motor Co., for their kind offer to send, gratis, a "trouble car" to accompany us on our trip and those loyal merchants who so heartily responded to our request to help "put Mt. Sterling on the map" as a "live one." To those others—our sympathy.

Mr. and Mrs. R. A. Chiles were in Louisville last week.

Mr. and Mrs. W. H. Strossman have returned from Chicago.

Miss Louise Smathers spent the week-end with friends in Winchester.

Prof. W. J. Giffin, of Frenchburg, was in the city yesterday on business.

Mrs. Mary McClure and Mrs. Stanley Kerns are visiting relatives in Carlisle.

Miss Fannie Black, of Indianapolis, has been here for a visit to Mr. and Mrs. John Salmons.

Mrs. Sydney Clay and Mrs. Hiram Roseberry, of Paris, have been the guests of Mrs. R. G. Stoner.

Dr. and Mrs. Sinnerall Wyatt, of Lexington, motored over Sunday and were guests of Mr. and Mrs. A. F. Wyatt.

Mrs. Robert G. Stoner, Mrs. A. Sydney Hart and Miss Laura Hart attended the Trots in Lexington yesterday.

Richard Hollearn, who has recently been discharged from the army, is the guest of his aunt, Mrs. J. J. Kerns.

Mrs. Joanna Punch, of Lexington, has returned home after a visit to Mrs. R. E. Punch and Miss Rose Punch.

Mrs. Emma Magowan, Mrs. Thos. Hinkle, Mrs. Crit Lane and Miss Sally Clay motored to Sharpsburg Saturday.

Mrs. J. C. McNeul, Mrs. H. G. Hoffman, Mrs. Anderson Bogie and Mrs. C. W. Kirkpatrick have returned from Louisville.

Mrs. William Bridgforth has returned from Woodford county, where she was the guest of her daughter, Mrs. John Gay.

Mr. and Mrs. L. P. Keith and Miss Reese Shimmess, of Clay City, spent the week-end with Mrs. S. D. Hall and Miss Virginia Hall.

Mr. and Mrs. A. J. Gatewood, Mr. and Mrs. D. C. Fox, Mr. and Mrs. C. C. Chenault and C. C. Chenault, Jr., were in Danville Saturday for the football game.

Mr. and Mrs. David Chenault are attending the races in Lexington today.

Mrs. F. D. Richardson has returned from Frankfort, where she visited her daughter, Mrs. Claude Carter.

Mr. and Mrs. J. H. True and Mr. and Mrs. C. E. True, of Georgetown, are guests of Mr. and Mrs. O. V. Jones.

Judge and Mrs. G. B. Swango returned last night from an extended visit to relatives in Montana, Missouri and Indiana.

Miss Lucille Crouch, of the Government Service, returned today to Washington after a three weeks' vacation spent with relatives here.

Mrs. Richard Apperson and little daughter, of Owensboro, and Mr. and Mrs. C. S. Darnaby and daughter, of Lexington, have been guests of Mr. and Mrs. W. P. Apperson.

Mr. and Mrs. Jack McCord, Mrs. Florence Jackson and Mrs. Allie Gay Jones, of Winchester, were here Sunday to see their relative, Mr. Allen Prewitt, who has been ill.

Miss June Buchmann, of Chattanooga, Tenn., who has been visiting friends and relatives here, left yesterday for Columbus, O., where she will visit for a week before returning home.

Mrs. Charles Finley Jones, of Los Angeles, will arrive tomorrow to be the guest of Mr. and Mrs. Jack Owings at "Rolling Heights." Mrs. J. D. Shelby, of Danville, will arrive Saturday for a visit to Mr. and Mrs. Owings.

Dinner

Mr. and Mrs. Henry Lewis entertained at dinner Sunday at their country home on the Winchester pike. Their guests were: Mr. and Mrs. W. S. Smathers, Mr. and Mrs. Lawrence Fasset and Misses Clara and Nell Fasset.

Dinner Party

Mr. and Mrs. L. E. Griggs were hosts at dinner Saturday evening at their home on Holt avenue, complimentary to Mrs. P. L. Devoist, of

Duluth, Minn. Their guests were: Mrs. Devoist, Mrs. E. C. Orear, Mrs. John G. South, Mrs. Edwin Morrow, of Frankfort; Mrs. S. M. Bradley, of Morehead; Mrs. R. G. Stoner, Mrs. E. T. Reis, Mrs. W. T. Tyler, Mrs. A. B. Oldham, Mrs. Charles E. Duff, Miss Georgia Sledd, Mrs. C. B. Duerson, Mrs. Jennie Thompson, Mrs. C. H. Bryan, Miss Laura Graves, Mrs. Green, Mrs. Ben R. Turner and Miss Ruth Wyatt.

Miss Ollie Baldwin, of Richmond, will arrive tomorrow for a visit to Mr. and Mrs. Harry G. Hoffman.

For Miss Baldwin

Mrs. Anderson C. Bogie will entertain at bridge Friday afternoon at her home in the country complimentary to Miss Ollie Baldwin, of Richmond. On Friday evening Mrs. Bogie will be hostess to her bridge club.

Mr. and Mrs. W. W. Eubank, Jr., will entertain a number of their friends with cards at their home in the county Thursday evening.

Luncheon at "Longwood"

Mrs. R. G. Stoner was hostess at a beautiful luncheon Friday at "Longwood," her lovely country home on the Owingsville pike. Mrs. Stoner's daughter, Mrs. Sydney Clay and her granddaughter, Mrs. Hiram Roseberry, of Paris, were the guests of honor. The luncheon table was adorned with lace mats and an exquisite basket of pink dahlias and lavender lobelia was used as a center decoration. A delicious luncheon of four courses was served and Mrs. Stoner's guests were: Mrs. Clay, Mrs. Roseberry, Mrs. Charlton Alexander, Mrs. Cassius M. Clay, Mrs. M. T. Chapman, of Paris; Mrs. H. C. Caywood, Miss Lucile Caywood, Mrs. John T. Collins, Mrs. Mollie Meng Bacon, of North Middletown; Mrs. W. A. Beard, of Shelbyville; Mrs. Emma Hamilton VanMeter, of Lexington; Mrs. Tipton Wilson, Mrs. Stewart C. McCormick, Mrs. A. B. Oldham, Mrs. Price Calk, Miss Sara Calk and Mrs. Dan M. Chenault.

RELIGIOUS

Rev. R. C. Goldsmith is conducting a series of meetings at the Levee Baptist church this week.

THE SICK

Mrs. Margaret A. Gaitskill has been ill for the past week at her home "Apperson Hill."

BIRTHS

Born to the wife of Claude Carter in Frankfort, Thursday, a fine son. Mrs. Carter was formerly Miss Ruth Brown, of this city.

BIG BUSINESS AND G. O. P. IS UNITED

The pernicious alliance of big business with the Republican party was never more clearly illustrated than in a letter being sent out on the stationery of the United Drug Co., signed by H. G. Simpson, sales manager of this company. The United Drug Co. is a concern which controls the Rexall stores and affiliated organizations. Mr. Simpson wrote a letter to a traveling salesman friend of his advising him to work his customers in favor of Senator Harding. This letter is being distributed presumably by the Republican National Committee on stationery of the United Drug Co., in facsimile form. There is little doubt that this contribution from the United Drug Co. to the Republican party, will mean some special privilege to be conferred upon the wholesale drug industry by the Republican party if it is victorious this November.

Virtue is cheaper than vice in every market of the earth, and as much more acceptable as bliss is than blight.

About the only time a man would rather have the upper berth than a lower one is when he dies.

MODERN RESIDENCE

AT

Public Auction

The undersigned will offer for sale on the premises to the highest and best bidder on

Saturday, October 16

AT 2 O'CLOCK

The beautiful residence property of Mr. Joe Stephens on Holt avenue, better known as the Graves home. The lot is level with a wide frontage of 90 feet on Holt avenue and has a depth of about 250 feet and has one of the best garden spots in the city. House newly papered and painted, has large reception hall, parlor, library, dining room, 4 large bed rooms, delightful bath room and fine cellar. Good cistern at kitchen door. Abundance of presses and pantry. Gas for heating and lighting. Coal can be used if desired. Garage and all other necessary outbuildings in perfect repair.

If you want a nice home in a quiet and highly respected neighborhood, here is your chance.

At the same time will also sell lot of HOUSEHOLD AND KITCHEN FURNITURE.

Remember the time and be on hand. Terms announced day of sale.

THE LEAGUE TO PREVENT WAR

Every member of the League of Nations solemnly agrees that it will never go to war without first having done one or another of two things, without either submitting the matter in dispute to arbitration, in which case it promises absolutely to abide by the verdict, or if it does not care to submit it to arbitration, without submitting it to discussion by the council of the League of Nations, in which case it promises to lay all the documents and all the pertinent facts before that council; it consents that that council shall publish all documents and all the pertinent facts, so that all the world shall know them; that it shall be allowed six months in which to consider the matter; and that even at the end of six months, if the decision of the council is not acceptable, it will still not go to war for three months following the rendering of the decision.

It is provided in the covenant of the League of Nations that any nation that disregards these solemn promises with regard to arbitration and discussion shall be thereby deemed ipso facto to have committed an act of war against the other members of the League and that there shall thereupon follow an absolute exclusion of that nation from communication of any kind with the members of the league. No goods can be shipped in or out; no telegraphic messages can be exchanged; there shall be no communication of any kind between the people of the other nations and the people of that nation. There is not a nation in Europe that can stand that for six months. Germany could have faced the armies of the world more readily than she could have faced the boycott of the world.

Among its other problems: Chicago must solve one as how to house 500,000 persons next spring. There should be employment for all the workers in the Windy City.

"Wonderful" was the word used

by Governor James M. Cox to describe his reception in Kentucky. It was toward the close of his second day's campaigning when hamlets of two to five hundred population had been producing crowds of five hundred to a thousand, that Governor Cox made this comment on the Kentucky touring. "I have never seen anything like it," he said. But what pleased him most was the throng that gathered to hear him in Louisville. Those who failed to hear him outnumbered those who were able to get within hearing distance by a large margin.

Maurice DeKorba, special correspondent for La Liberte, daily newspaper of Paris, called at the Democratic headquarters prior to joining Governor Cox's special train for a week to make a special study of political conditions in this country. DeKorba says that the French people are extremely anxious to know the American state of mind regarding the League of Nations, and that it is the general impression abroad that the League of Nations would have been signed long ago had the Republicans been able to sign the name of Harding instead of Wilson.

KENTUCKY CAN GROW MORE WHEAT THAN EVER

According to government reports, the 1920 wheat crop in Kentucky was only about half as large as either the 1918 or 1919 crop, but the fact should not be discouraging to farmers in the growing of wheat. If we apply ourselves to proper agricultural methods, Kentucky will grow as much or more wheat than ever before.

No doubt some people think that Kentucky should go out of the wheat growing business, but we might as well say that Kentucky should quit growing tobacco.

Kentucky always will and always should grow tobacco. Kentucky always will and always should grow winter wheat. It will be a mistake to think of cutting out either crop because both play an important part in the agricultural prosperity of the state.

Undoubtedly the season had much

to do with the reduced yield of wheat this year. Possibly it was much more to blame than the soil, but it must be admitted that wheat growing has been much neglected of late.

During the war the abnormal demand for tobacco sent up the price and kept it up and it was natural that we should grow as much tobacco as possible. On thousands of farms the best ground was planted to tobacco, and wheat was planted on the poorer ground and given only secondary attention.

But now the war is over and the relative difference between the prices of wheat and tobacco will soon disappear. We must get back to a normal agricultural basis. We must not forget that wheat is one of the staple crops of Kentucky. It is essential to the fullest prosperity of the state, even as tobacco and corn and other products are essential.

It is time, right now, for us to think of wheat and get ready for next year. Tobacco ground is splendid ground for wheat and next year may be the best wheat year Kentucky ever had. More attention to the proper liming and fertilizing of the soil will help to make it so.

BLOOD IS FUEL TO THE BODY

Pumped Through the System by the Heart It Sustains the Muscles and the Tissues

PEPTO-MANGAN HELPS BLOOD

Keep the Quality of Your Blood at Its Best—It Means Vigorous Health and Ability to Accomplish

Blood acts like a fuel. Pumped through the body by the heart, it sustains the muscles and tissues. It renews them. It feeds the brain—the tissues of the eye and face. That is why people look so pale and lifeless when blood is impoverished. The body tissues are being supplied with weak fuel. The blood has not enough red corpuscles. You would not eat poor food with no nourishment in it; no more should you let the fuel that supplies sustenance to your entire body be inferior. Have good blood. Improve the quality and keep it at its best.

If you look pale and feel weak, if you have lost your enthusiasm and energy, if your blood is clogged with poisons, your system is being fed with a poor grade of blood. That is no way to go around. If you are not at your best, get at the source of the trouble right away. Put an end to half-living.

Take that ideal tonic, Pepto-Mangan, to tone up your blood and purify it. Get the full enjoyment out of living. Breathe fresh air, take exercise.

Be sure to ask for "Gude's Pepto-Mangan." It comes in convenient tablet form and in liquid. One has the same medical value as the other. There is only one genuine Pepto-Mangan, and the name "Gude's" is on the package. Advertisement.

SOCIAL WORK CONFERENCE TO BE HELD AT DANVILLE

The section on recreation at the annual Kentucky Conference of Social Work, to be held in Danville, October 29 to December 6, will take the form of a "play institute" and will form one of the most interesting sections of the meeting, according to a statement yesterday of R. A. Hoyer, secretary of the Community Council of Louisville.

"The program on recreation will begin on Saturday morning," said Mr. Hoyer, "and will continue throughout the day with Community singing, story-telling and games, for young people and adults. Miss Elizabeth Watts, principal of the primary school of the Hindman Settlement, will lead in children's singing games. She will be assisted by the children from the settlement and by several boys and girls from the Danville public schools."

"The afternoon will see the presentation of the American Red Cross pageant, which will be under the direction of the Lake Division of the Red Cross, and prior to this luncheon will be held for those who are interested in recreation and its relation to health and education."

The committee in charge of this program of the Conference consists of Mr. Hoyer, Miss Edith Farrell, of the Neighborhood House of Louisville; H. G. Rogers, of the Fayette Community Service League; Miss Marguerite Butler, of Pine Mountain; Miss Elizabeth Cloud, of the Lincoln School of Lexington; Miss Elizabeth Watts, of Hindman; L. F. Zerfoss, of the Paris district of the Y. M. C. A.; Burton Hoffman, of the Woodford County Y. M. C. A.; Miss Josephine Cherry, of Bowling Green, and Miss Katherine Pettie, of the Pine Mountain Settlement School. Miss Frances Ingram, head resident of Neighborhood House in Louisville, is the chairman.

NEGROES MAY PUT BLACK ON CITY EDUCATION BOARD

Fifteen hundred negroes met at the Negro Odd Fellows' Hall Louisville, and launched the campaign of Wilson Lovett, negro, candidate for the Board of Education. Lovett's petition has been filed, it was announced at the meeting with 457 signers, fifty-seven more than the law requires.

Negro ministers urging the support of the negro race for the candidacy of Lovett, and negro politicians explained how, by "single shooting" Lovett, he can easily be elected.

There are four candidates for the Board of Education to be voted on

November 2. Two of these candidates receiving the highest number of votes will be seated as board members. By the negro voters supporting solidly Lovett's candidacy and voting only for him the white vote will be divided among the three white candidates, Mrs. Leila Leasinger, William Hoke Camp and Robert E. Woods, and Lovett will win a seat on the board.

The negroes also showed sentiment against the University of Louisville bond issue and will, in all probability, vote as a unit against the issue.

This report from Louisville is in keeping with conditions in other sections of the state and country. Think of your sister, daughter or

mother sitting on a board of education with a burly negro! Has the time come when there is no class distinction? Would you be a Republican just to associate with or send your children to the same school that the negro attends? Just where do you stand, women voters?

WEAK, NERVOUS, ALL RUN-DOWN

Missouri Lady Suffered Until She Tried Cardui.—Says "Result Was Surprising."—Got Along Fine, Became Normal and Healthy.

Springfield Mo.—"My back was so weak I could hardly stand up, and I would have bearing-down pains and was not well at any time," says Mrs. D. V. Williams, wife of a well-known farmer on Route 6, this place. "I kept getting headaches and having to go to bed," continues Mrs. Williams describing the troubles from which she obtained relief through the use of Cardui. "My husband, having heard of Cardui, proposed getting it for me. I saw after taking some Cardui that I was improving. The result was surprising. I felt like a different person."

"Later I suffered from weakness and weak back, and felt all run-down. I did not rest well at night, I was so nervous and cross. My husband said he would get me some Cardui, which he did. It strengthened me. My doctor said I got along fine. I was in good healthy condition. I cannot say too much for it."

Thousands of women have suffered as Mrs. Williams describes, until they found relief from the use of Cardui. Since it has helped so many, you should not hesitate to try Cardui if troubled with womanly ailments. For sale everywhere.

Toledo Woman Has Gained 27 Pounds

Was Restored to Health Three Years
Ago by Tanlac, and Still
Feels Fine

One of the latest to testify to the merits of Tanlac is Mrs. George Kerns, of 719 Western avenue, Toledo, Ohio, who in a recent statement reported a gain of 27 pounds and that although it has been three years now since the medicine restored her health and built her up so wonderfully, she is still feeling fine.

"I have the best of reasons," said Mrs. Kerns, "for saying that Tanlac has real merits for it has been three years since it relieved me of my troubles and built me up so wonderfully and I am still enjoying good health."

"For nearly two years before I took Tanlac I had suffered from stomach trouble and disordered kidneys. My pains at times were almost unbearable and while I tried over so many different kinds of medicines, nothing did me any good. I had no appetite scarcely and what little I did manage to eat only made trouble for me. My back and sides pained me constantly and I had fallen off until I was hardly more than a frame."

"When I started on Tanlac I only weighed ninety-eight pounds and just felt perfectly awful. But I had not been taking it very long when I began to feel better and when I got on the scales after finishing my seventh bottle I found I had actually gained twenty-seven pounds, having gone up to one hundred and twenty-five. My stomach and kidneys have never troubled me in the least since that time. In fact, I have enjoyed the best of health all the while. My husband and little son have been complaining of being run-down and no appetite this winter, but after taking Tanlac the results are they are both wonderfully improved. It just seems that my son can't get enough to eat and is simply huddling over with new life and energy. We all think there is no medicine like Tanlac. It has been such a great benefit to the whole family that I never expect to be without a bottle in the house."

Tanlac is sold in Mt. Sterling by Land & Priest.

NEGROES RIOT IN PITTSBURG SAME IF HARDING IS ELECTED

The belligerency of the negroes living in the large cities was again demonstrated in a riot involving thousands of persons here on Dinwiddie street and Center avenue because a white man jostled a negro walking across the street. He was set upon by a score of negroes. The battle then became a free-for-all, in which both negroes and whites joined, and the police charged the mob. They managed to get four persons and took them to Center Avenue Police Station. The black mob then returned and charged the prison, but a group of reserves and firemen routed the attackers.

Pittsburg is one of the cities which contains negro newspapers urging race equality, and there is little doubt that this press campaign is inflaming colored population.

It has been said that Harding has promised equality with no segregation laws in Washington, D. C., if elected, and this means a spread to other states and probably an attempt to bring about the same condition on the country. Can you read the handwriting on the wall?

"The Rats Around My Place Were Wise," Says John Tuthill

"Tried everything to kill them. Mixed poison with meat, meal, cheese, etc. Wouldn't touch it. Tried RAT-SNAP, inside of ten days got rid of all rats." You don't have to mix RAT-SNAP with food. Saves fussing, bother. Break a cake of RAT-SNAP, lay it where rats scamper. You will see no more. Three sizes, 35c, 65c, \$1.25. Sold and guaranteed by Chenault and Orser.

POPULATION OF UNITED STATES 105,683,108

The 1920 population of continental United States was announced last Friday by the Census Bureau as 105,683,108. This was an increase of 13,710,842, or 14.9 per cent since 1910.

Friday's total does not include the populations of outlying possessions, which will be announced as soon as the figures of Alaska and the military and naval services abroad are tabulated. It is estimated, however, that those possessions have 12,250,000 inhabitants, so the total number of people living under the American flag is in round numbers, 118,000,000.

The figures for continental United States compare with 91,972,266 ten years ago and 75,994,575 20 years ago. The increase for the last decade, however, fell 2,265,849, or 6.1 per cent below that of the preceding decade.

EDUCATIONAL TOOTH TALK—15

Broken Plates Repaired

Well equipped dental offices can now repair plates and bridges. A broken tooth is no reason why a plate should be discarded. A new tooth, or several of them can be vulcanized onto the old plate and make the service absolutely as good as ever. New facings can be put on bridges; bridges can be repaired or lengthened; crowns can be re-set and other numerous repairs can be made that will save much in time and money and add greatly to your comfort and attractiveness. If you meet with an accident that injures your plate in any way, consult your dentist about repairs before you discard it for a new one. You can often prevent a needless expense.—Dr. H. M. Wright, Traders Bank Building.

LEAGUE OF NATIONS

Addressing an audience of Louisville women Mrs. Desha Breckinridge who has just returned from a trip to Geneva, asserted that there has been only one good thing born out of the World War.

"That is the League of Nations," said Mrs. Breckinridge, whose husband is editor of the Lexington Herald. "It is the duty of every woman to rally to its support."

There is plenty of room up where the airplanes roam, but it is difficult to convince a gasoline engine to behave.

COL. WM. CRAVENS, Auctioneer

PROTECT CORN AND

WHEAT FROM INSECTS

Every year insects do millions of dollars' worth of damage to stored grain and grain products. Some authorities have placed this injury at 5 per cent of all stored grain. The Department of Entomology of the College of Agriculture recommends that all bins and grainaries should be thoroughly cleaned and disinfected before any wheat or corn is placed in them for winter storage. All old grain should be removed and burned. The walls, floors and ceilings should be thoroughly cleaned and a liberal application of air-slacked lime should be placed in the corners and edges of the bin, but be sure and remove this lime before placing the grain in the bin. Carbon-bisulphide is one of the most convenient fumigants for use in bins and grainaries. The amount of this liquid to be used will depend upon the temperature, size and shape of the bin, its tightness and the insect to be controlled. Where the bins can be made comparatively air-tight a pound of carbon-bisulphide to 1,000 cubic feet where the temperature is around 60 to 70, will usually be sufficient. In other words, a pound of this solution to 35 bushels of grain. This fumigant can be placed in shallow pans at the top of the bin and will be found a very effective means of keeping down insects which annually cause so much damage. This material is highly inflammable and explosive, so that no fire or light, even electric, must be used near the grainaries while this disinfecting is being carried on.

G. O. P. Leader Bolts To Aid League and Cox

Herbert Parsons, member of the Republican National Executive Committee from 1916 to 1920, today announced his intention to vote for Governor James M. Cox, Democratic presidential nominee.

His announcement was made in a letter to the New York County Republican Committee, of which he once was chairman, resigning from that body.

In his letter Mr. Parsons said: "I am for the League of Nations. Cox is for 'going in.' Harding is not for 'going in,' though in the Senate he voted for 'going in.' So I am for James M. Cox for president."

Mr. R. C. Kink Tells a Wonderful Story About Rats. Read It

"For months my place was alive with rats. Losing chickens, eggs, feed. Friend told me to try RAT-SNAP. I did. Somewhat disappointed at first, not seeing many dead rats, but in a few days didn't see a live one. What were not killed are not found around my place. RAT-SNAP sure does the trick." Three sizes, 35c, 65c, \$1.25. Sold and guaranteed by Chenault & Orear.

After spending two days on Governor Cox's special train John L. Grayot, Democratic state chairman, said "there is no doubt about what Kentucky will do in this election, no matter what Louisville does." "Kentucky will surely go Democratic. It is simply a question of figures. If Louisville performs as she did in 1916 when the presidential candidates practically broke even, our majority will be forty thousand. I spent several days on Bryan's special several years ago, which was supposed to have held the record for crowds. I assure you that they were not a circumstance to the throngs of voters who have been gathering for the past two days to hear Governor Cox."

A Chicago Bible student pinched the arm of a good looking woman and a Chicago police judge fined him \$10. He said the pinch was worth the price.

Negro Woman Talks To Loyal Republicans

Republican leaders of Madison county must have been well-pleased with the result of the speaking at the courthouse Thursday night when the wife of a negro named Banks, of Winchester, spoke to a large gathering, whites and blacks mingled.

The lower courtroom was crammed to its capacity for the occasion, fully 99 per cent of the audience appearing to be negroes, both men and women. The speaking had not been publicly advertised and there were few white persons in the room.

The speaker urged the negroes of Richmond and Madison county to vote for the Republican ticket and against the League of Nations, which she declared violated the Magna Charta, Declaration of Independence and the Constitution.

In urging the negro women to go to the polls she declared that colored servants are on the same footing as white girls who clerk in stores, operate telephone exchanges, or otherwise work for a living and they should avail themselves of their privilege the same as the white women. Her speech contained many of the standard arguments which the Republicans are using in their efforts to win votes.

GOV. COX ON ARTICLE X

"What has made wars in the past? It has been the lust of territory. Under Article X of the League of Nations a boundary line is a boundary line for the small as well as for the large nations. Every imperialist in Europe is against the League of Nations, but, thank God, there are not as many imperialists as there once were. The people have ceased to take seriously the criticism of Article X."—Governor Cox.

There are three steps to capture a man. First, covertly admire; second, openly flatter; third, cunningly tempt.—and the devil will finish the job.

READ THE ADVOCATE

PRODUCE REVIEW

Butter stocks in storage October 1st show a large available supply. The current milk is in excess of that of the same time a year ago. There has been some decline in the standard grades of butter, which will probably be reflected in the buying price of cream in the producing territory.

Little butter is being exported, while there are large importations now arriving, with further shipments in sight.

Poultry receipts are heavier and prices have declined during the week, both in the large markets and in the country. Continuation of the large supplies will probably result in further lowering of prices. It is important that poultry be marketed evenly each week, as killing plants are generally now fixed so they can handle liberal quantities.

Eggs which are fresh, are in good demand, but prices show little change during the week. To bring top prices eggs should be well-handled and be marketed promptly.

To Chas. F. Ogden, Republican Congressman from Louisville, the question of world peace is one of minor significance. In declining to accept a challenge on the debate for a League of Nations made by his Democratic opponent, James Richmond, Ogden expresses the opinion that there are other questions of equal or greater importance in his campaign. He does not state what these questions are. Another excuse in Ogden's letter is that he has no time to debate this most momentous of all issues.
